“Each Rosé Création is a unique and delicate blend that reinterprets the characteristic elegance and freshness of the Lanson style, with a fruity signature.”

2019 HARVEST

A year of record high temperatures, with three unprecedented heatwaves. The rather cool night-time temperatures during the ripening phase for the grapes helped to preserve their natural acidity. Moderate yields combined with remarkable ripeness produced a very fine vintage.

The harvests took place from 7 September to 20 September 2019.

By respecting the unique character of each parcel, we were able to harvest Pinot Noirs of intense elegance and fruitiness. To counterbalance their tension, we chose Meuniers for their richness and delicacy. The Chardonnays stood out for their great generosity.
